

# Bonklana (\$BOK) WhitePaper

## Introduction

Welcome to the launch of Bonklana (\$BOK), a groundbreaking meme coin that promises to revolutionize community engagement within the Solana ecosystem. Developed by the Shibonk team, Bonklana is more than just a digital asset; it's a tribute to the resilience and unity of the Solana community. This white paper outlines the fundamentals of \$BOK tokenomics, its unique market positioning, and its potential impact on the \$SBONK ecosystem.

## Tokenomics of Bonklana (\$BOK)

**Initial Supply:** The total supply of Bonklana tokens (\$BOK) is set at 420,690,690.

### Community Airdrop Allocation (15%):

**Twitter Airdrop Campaign:** Participants can join through Twitter campaigns by commenting their Solana wallet addresses on designated tweets.

**Twitter Influencer Airdrop:** Influencers promoting Bonklana and the Shibonk ecosystem will receive airdrops as appreciation tokens.

**Shibonk Ecosystem Airdrop:** Top 100 \$SBONK wallets will receive \$BOK based on their wallet holding percentage. Shibonk Gang NFT holders can also stake their NFTs to earn \$BOK.

**Team and Treasury Allocation (10%):** These funds are reserved to support the \$SBONK and \$BOK communities and reward core contributors.

**Initial Fairlaunch Liquidity (75%):** The majority of the supply is allocated for open market trades of \$BOK. This portion will be paired directly with \$SBONK, creating a unique trading route (\$SOL > \$SBONK > \$BOK), aiming to increase \$SBONK volume and TVL.

THE MISSION

THE MISSION

# THE MISSION OF SHIBONK TEAM

The Shibonk team's mission is to elevate the \$SBONK ecosystem to new heights by introducing Bonklana. This initiative aims to bring a new wave of excitement to Shitcoin trading within the Solana ecosystem.

**Key Features of Bonklana Tribute to Resilience:** Bonklana represents the unity and strength of the Solana community, encapsulating the spirit of \$BONK and \$SOL.

**Exclusive Purchasing Avenue:** Bonklana will be available exclusively on Raydium Dex and can only be purchased using \$SBONK tokens.

**Innovation-Driven Journey:** Leveraging ChatGPT technology, the Shibonk team will deploy and manage new Shitcoins on the Solana network, traded exclusively with \$SBONK.

# IMPACT ON SHIBONK

The launch of Bonklana is expected to significantly boost the volume and TVL of \$SBONK. As traders and enthusiasts, known as Solana Degenerates, engage with high-quality Shitcoins paired with \$SBONK, we anticipate a surge in ecosystem activity and interest.

## Community and Social Media

**Join the Bonklana movement and stay updated:**

**Twitter:** [x.com/bonklana](https://x.com/bonklana)

**Telegram:** [t.me/SHIBONK\\_SOL](https://t.me/SHIBONK_SOL)

## Conclusion

Bonklana is not just a token; it's a movement towards a more inclusive and community-driven crypto ecosystem. By participating in this journey, you're not just trading a digital asset; you're becoming part of a larger story - a story of resilience, innovation, and collective strength in the Solana ecosystem.
